Wisconsin Licensed Nursery Number 2023 - 106446. This is to certify that the Nursery Stock has been inspected and found free from injurious insect pests and plant diseases.

The material in this consignment is apparently free from *Lymantria dispar* (formerly known as gypsy moth) based on negative results of an official survey or visual inspection.

The plants were treated to control Japanese beetle (*Popillia japonica*) according to the criteria for shipment to Category 2 states as provided in the U.S. Domestic Japanese Beetle Harmonization Plan. The rooted plants (or plant material) are certified as apparently free of Japanese (*Popillia japonica*) in accordance with the Field Grown Nursery Stock Accreditation Program protocol, as provided in the U.S. Domestic Japanese Beetle Harmonization Plan. The plants have been found to be free from Japanese beetle (*Popillia japonica*) on the basis of a container accreditation program as provided in the U.S. Domestic Japanese Beetle Harmonization Plan.
